Professional Experience:

Freelance Tech & AI Writer

June 2012 - Present

- Written for top-tier tech platforms including vpnMentor, TechSpot, MUO, WebsitePlanet, Geekflare, and more
- Specialized in cybersecurity, SaaS tools, developer-focused content, and AI writing
- Created tutorials, listicles, reviews, news coverage, and in-depth guides
- Developed human-friendly tone optimized for readability and retention

AI Model Trainer – Data Annotation

January 2023 - Present

- Worked hands-on with LLMs to improve their accuracy, clarity, and context understanding
- Evaluated responses across domains: math, code, general queries, and photo-based tasks
- Helped fine-tune instruction-following behavior, multi-turn prompts, and response alignment
- Contributed feedback to early-stage models like Argon
